BIG BUILDING FALLS APART

TERRIBLE CATASTROPHE AT ALBANY, N. Y.

Department Store Caves in and Scores of Boys and Girls, Men and Women, Caught in the Wreckage—20 to 30 Killed

Albany, N. Y., Aug. 8.—The middle section of the John G. Myers Company's big department store in North Pearl street collapsed today carrying down with it over one hundred persons. Caught in the chaos of brick, plaster and wooden beams, between twenty and thirty men, women and children met death. Twelve hours of hard work on the part of an army of rescuers disentangled fifty persons, six of them dead and many of the rest badly injured. Three bodies were in sight at a late hour to night, but many hours work will be required to get them out. Anything like a complete list of dead and injured will be unobtainable until the workers have made their way to the very bottom of the mass of wreckage.

With few exceptions those caught in the ruins were employees, a large majority of them girls. There were few shoppers in the store at the time. Extensive repairs were being made to the building. When the collapse came workmen were sawing a wooden beam which hung under a pillar in the middle of the building. Excavation for a cellar was going on about this pillar and it is believed the parting of the beam caused the pillar to give way. The pillar which gave way supported the end of two giant girders and when it fell the main support of the central part of the building was gone. With a noise that could be heard blocks away and which shook adjoining buildings, nearly half of the great structure, from cellar to roof, and extending from one side wall to the other, same grinding down. Into this cavern slid the store's employees who were working on four floors above, and lacked the warning which enabled those in the basement to escape. Some, however, were apprised of the danger by falling plaster and saved themselves by rushing to the front of the store or to fire escapes in the rear. An alarm of fire was turned in and when the fire department arrived they had plenty to do in rescuing those who were pinned under the wreckage. They were joined by scores of volunteers and within an hour fifteen or twenty persons were carried out, none of them fatally injured.

When darkness came it was estimated that nearly fifty persons still remained in the ruins and that not more than half of these could survive the weight pressing upon them. Fortunately the wreckage did not take fire. Some hundred persons are still unaccounted for, but fifty of these are cash boys of which the firm has no record, and the loss of the payroll makes it difficult to get anything like a complete list of many others.

FINE EDIFICE BURNS

The Richly Appointed Church of St. Thomas, New York City, Destroyed.

New York, Aug. 8.—St. Thomas church, Fifth avenue and Fifty-third street, one of the most richly furnished edifices in America, was wrecked by fire today. Within a block of the ruined church are the homes of a half score of the country's wealthy men. The fire was confined to the church.

Defective electric wiring is supposed to have started the fire. The loss is estimated at a quarter of a million dollars. Only a mere shell of the stone walls is left standing. Many valuable paintings, among them one valued at \$50,000, and bus-reliefs were ruined. The sumptuous altar and chancel furnishings, including a \$20,000 organ, were destroyed.

For a time John D. Rockefeller's home was in danger. Firemen stood with hoses in the windows of Rockefeller's home and concentrated streams of water on the 250 foot stone tower of the church, which for a time threatened to topple on the Rockefeller home owing to intense heat at the tower's base.

BREAD SCARCE

Kosher Bakers of New York on a Strike and the Jewish Supply Cut Off.

New York, Aug. 8.—The Jewish residents of the East Side are seriously threatened today with a bread famine, as the result of the strike of the Kosher bread bakers. The strike has become general, practically all the bakeries being tied up and it became a serious matter to day for the people to obtain bread. In some cases it was reported that the few bakers who were able to turn out a supply of bread, were charging extra prices for it. Actual want faces many of the Jewish citizens, as they cannot afford to pay the higher prices demanded, and even if they could the very limited supply is insufficient to feed all the thousands of orthodox Jews who depend upon this bread.

The strike has been marked by a number of disturbances. These have been fomented not so much by the strikers themselves as by their sympathizers. Most of the trouble has occurred in front of the various bakeries, which tried to operate, the strikers and their friends making demonstrations to frighten the men who remained at work.

Grand Forks, N. D., Aug. 8.—Reports reached here to night of a destructive hail storm which passed over Bottineau, McHenry, Rolette, Pierce and Benson counties Monday night and the damage resulting is estimated at \$500,000. QUARANTINE CONDITIONS

IN LOUISIANA MUST BE IMPROVED

State Board of Health to Take Action to Remedy Matters—What Federal Authorities are Doing—New Cases of Fever.

New Orleans, Aug. 8.—Official report to 6 p. m.:
New cases, 60.
Total, 66.
Deaths, 4.
Total deaths, 117.

If the present chaotic condition of quarantine matters in Louisiana is not speedily terminated in obedience to a proclamation issued today, the state board of health has announced its intention of immediately invoking the civil powers, and that failing, of asking Governor Blanchard to call out the militia to restore an maintain order. The proclamation resulted from letters sent yesterday by the governor to President Souche. The proclamation prohibits any town, parish or village from refusing admission to a person from a noninfected locality, holding a health certificate not over 24 hours old, or to a person from an infected locality who has spent six days in a detention camp and been discharged with a marine hospital certificate. It is announced no more illegal restrictions on travel or commerce will be tolerated.

Inspectors of the marine hospital service spent much of the day in their investigation and their reports showed an increase in the number of cases from noon to 3 o'clock. The federal authorities have determined to treat every case, presenting any symptoms of yellow fever, as actually yellow fever, preferring to take no risk or falling through want of vigilance. Dr. White said if he knew of every case in the city as well as every case that had existed he would feel the disease could be stamped out in thirty days. Practically all doubt of raising the Orleans. The state will contribute \$100,000 of fund of \$250,000 desired by the government was removed to day when the state and city moved to assist the citizens of New Orleans. The passengers made up a purse to reward the girls for their bravery.

PRICE OF GLASS RAISED.
Chicago, Aug. 8.—At a meeting of the Western Windowglass Jobbers held here today the price of windowglass to the retail trade was raised ten per cent. This makes a total increase since June 16 a little more than forty per cent over the prices prevailing previous to that time.

MEAL TICKET GRAFT

Chicago's Comptroller Trying to Solve a Problem Not Explained on the Face of Returns.

Chicago, Aug. 8.—Information as to why it took \$25,000 meal tickets to pay for 200,000 or less meals for the police force while on strike duty will be received tomorrow by City Controller McGinn. The difference between the two figures is \$55,000, and at 25 cents a meal amounts to just \$13,750. In the present state of the city's finances \$13,750 looks pretty big to Controller McGinn, and it looks like graft to others who have looked into it.

From an investigation made into the issuance of meal tickets to the police force during the late ten months' strike it would appear that anybody who had any kind of a standing in a police station and went hungry was either blind to all of his chances or the most honest kind of an honest man. It looks as if there was no real need of his going hungry, either, for the number of these meal tickets returned by saloonkeepers' rates at least the suspicion that liquid as well as a solid refreshment could be obtained in exchange for them.

All sorts of explanations and accusations are being made in connection with this situation in the city's commissary department during the recent civil war in Chicago—somehow or other, whenever there is an army of any kind put in the field there is always a scandal connected with the commissary department—but the facts, as nearly as they can be ascertained, are:

When the police department found it necessary to put on extra men it was agreed that, in addition to their pay, these extra policemen, as well as the regulars, should be entitled to one meal a day at the city's expense.

In order to furnish these meals, tickets were given out certifying that the bearer was entitled to a grant of 25 cents, the city to foot the bill.

There was no number on the tickets to identify them, nor were they so printed that anybody who had the use of a printing press could not forge any number of them. This facsimile of the signature of Chief O'Neil has been printed in every copy of the police bulletin, and it would be the simplest matter in the world to copy it.

ACCIDENT TO SOLDIERS

A Discarded Shell Explodes and Several Privates Are Seriously Hurt.

Chesapeake, Wyo., Aug. 8.—A telegram was received at Fort Russell today from the camp of the Eleventh Infantry on Crow creek, stating that several enlisted men of Companies G and H had been seriously wounded by the explosion of a three-inch shell found by the men in the hills where the artillery had camped in the march of last year. One of the men attempted to drive the shell into the ground when it exploded. Private Butts, of Company G, was fatally wounded and Private Becker, Company H, Furgant, Company H, and Robinson, Company G, were also badly injured. Several others were slightly injured.

THE GOLF CONTEST.
Chicago, Aug. 8.—With one half the qualifying rounds of the United States Golf association golf championship completed to day, the Canadian and Olympian golf champion, George S. Lyon of Toronto, leads the field of 121 players who turned in cards with a score of 76 for the 18 holes. Two strokes behind is W. C. Fowles, champion of the Western Pennsylvania association team, that yesterday won the Olympian team cup, while two youngsters, Hugh Campbell 17 years old, of the Wheaton Golf club, and T. M. Sherman of Utica N. Y., are tied at 79. These players are the only ones of the field of 123 starters who got under the mark of 80. National Champion H. Chandler Egan tied with predecessor, W. J. Travis at 82.

ENVOYS AT PORTSMOUTH

ALL IN READINESS FOR THE PEACE CONFERENCE

The Old New England Town now the Center of World-Wide Interest—Official Program Carried Out.

Portsmouth, N. H., Aug. 8.—With one of the foreign peace envoys within its gates and the other three practically at the harbor's mouth, Portsmouth to day awoke to a realization one of the most important days in its history was actually at hand. At an early hour the streets began to fill up as steam trains, trolley cars and private conveyances brought visitors from all parts of southeastern New Hampshire. The famous old sea port was elaborately draped with flags and bunting.

The fleet was off the harbor entrance shortly after nine. Half an hour later the vessels dropped anchor off the navy yards. At the Hotel Wentworth M. Witte arose early and began the work of preparing dispatches to his government in answer to those that reached him during the night. He said he more than ever was animated by a desire of doing all in his power to conclude peace, but it all will depend on what the Japanese expect to obtain. However, he will leave nothing unattempted to reach the desired object and in case of failure the world will judge on whom the responsibility shall rest.

The program as officially mapped out by United Assistant Secretary of State Pierce, Rear Admiral Mead of the navy yard and Governor McLean for official reception of the peace envoys was carried out without modification or hindrance.

All ceremonies attending the ceremonies and introduction of the peace envoys being concluded they will at to tomorrow's session pass upon each other's credentials.

The second day's session, Thursday or Friday, it is expected will be devoted either to consideration of the Japanese peace terms, or to a proposition for an armistice by the Russian plenipotentiaries. It has been estimated that if a basis of negotiations for peace is found, the actual negotiations will consume some thirty like five weeks time before the treaty can be perfected and signed.

The landing and reception of the envoys to day was a function replete with ceremony. The dignity of the nation's salutes was contrasted with the hearty exclamations of good will on the part of thousands of persons who thronged the streets of Portsmouth and surrounded the court house, where Governor McLean pronounced the cordial words of welcome. The envoys of both Japan and Russia were much affected by the demonstration of the American public. Witte rode through the business section of the town with his alibi k but raised above his head in constant acknowledgment of salutes, Ambassador Rosen, in the same carriage, was also uncovered in honor of the cheering crowds. In the carriage following were the Japanese envoys, and they too, were not remiss in responding to the hurrahs of the crowds.

After the party arrived at the court house Governor McLean delivered the formal speech of welcome, which was responded to by the profound bows of both parties. These ceremonies over the envoys were escorted to the hotels, where they had dinner.

While there are no official statements or predictions regarding the outcome of the forthcoming negotiations to night the prevalence of general good feeling is noticeable through the environs of the peace missions.

St. Petersburg, Aug. 8.—Count Cassini, the former ambassador of Russia to the United States has arrived here. He will remain in St. Petersburg during the peace negotiations, as his knowledge of the eastern situation and familiarity with America particularly fit him to act in an advisory capacity to the government while negotiations are progressing.

As guests of Rear Admiral Mead, the plenipotentiaries and their suites were introduced this evening to a party of invited guests. Informally characterized the whole affair. Members of the two missions were soon thrown together and they showed no hesitation in joining in the general conversation with the guests. Komura and Rosen were especially cordial in their meeting and were soon engaged in a long conversation, retiring to one side of the hall.

Witte refused to permit his luncheon to be served until he had assisted in serving all the ladies in the group about him. The Democratic sight of the Russian plenipotentiary handing refreshments to the guests was one of the interesting incidents of the luncheon. Before leaving the Russian and Japanese again greeted each other cordially.

It is thought that at tomorrow's meeting of the peace envoys it may be possible to exchange a fundamental basis on which the representatives of the belligerent powers may be able to come to an understanding. It is only after an accord on those fundamental basis that an armistice can be considered advantageously by both parties. One point the Russian delegates are instructed not to

POLITICAL

Republicans of Virginia In State Convention—Nebraska Prohibitionists

Roanoke, Va., Aug. 8.—One of the largest Republican state conventions in the history of the state met here to day to nominate a full state ticket. J. Lucian Glaves, temporary chairman, pleaded for harmony and asked for a square deal at the polls. Every mention of President Roosevelt's name was wildly cheered. At the evening session organization was completed by the election of D. L. Groner, of Norfolk, permanent chairman. Congressman Slomp introduced Secretary of the Treasury Shaw. The secretary was greeted with a storm of cheers. He made an address, which the conclusion of which the convention adjourned until to morrow.

Lincoln, Neb., Aug. 8.—Nebraska Prohibitionists held a convention to day and nominated Associate Justice of the supreme court—P. B. Baill, Harlan county; Regents of the University—Nathan Wilson, Polk county and H. T. Sutton, Nance county. The platform makes the usual declarations of the prohibition party.

A QUESTION AT LAW.
Chicago, Aug. 8.—Charging the first bout Yosemite in her recent chase after the alleged gamblers in Lake Michigan carried 27 more passengers than allowed by law, Collector Nixon demanded the payment of \$270 fine. The city authorities claim the policemen carried on the boat were not passengers in the sense intended by law. The matter has been appealed to Secretary of Commerce Mitchell.

RUN ON DENVER BANK.
Denver, Aug. 8.—A run started on the Denver Savings bank, which owes depositors \$2,000,000. At noon the doors were closed and thereafter depositors were allowed to draw 10 per cent of their deposits. The run followed persistent rumors regarding the bank's stability. The trouble is reported due to bad loans.

SECRETARY SHAW'S PLANS.
Oyster Bay, Aug. 8.—It is announced by authority of the president that the visit of Secretary Shaw to Sagamore Hill yesterday had no relation to the secretary's retirement from the cabinet. The matter upon which the secretary practically talked to the president was personal entirely to them. The secretary's resignation in the future was not mentioned. Shaw has let it be known that he expects to resign from the cabinet some time next winter, but no definite date for his retirement has been fixed. It is generally accepted in political circles that the secretary expects to become a candidate for the presidential nomination in 1908 and that his relinquishment of his cabinet duties is a free him from any embarrassment in the conduct of his campaign for the nomination.

ROYAL ARCANUM.
Buffalo, N. Y., Aug. 8.—The state council of the Royal Arcanum to day passed a resolution instructing its delegates to the supreme body at Put-In-Bay, Ohio, Aug. 30, to vote to rescind the action of the supreme council increasing the rates.

MOROCCO'S LOAN.
Tangier, Morocco, Aug. 8.—Arrangements for a German loan of \$5,000,000 to Morocco, it is expected, will be concluded soon.

UNPROFITABLE INCIDENT

MARKS M. WITTE'S LEAVE OF BOSTON

Russian Envoy has a Strange Experience—Superstitious Apt to Find an Evil Omen in the Tragedy.

The Wentworth hotel, New Castle, Portsmouth, N. H., Aug. 8.—Tragedy became curiously mixed with M. Witte's departure from Boston last night. After a day spent enjoying himself in seeing the historic sights of that city and visiting Harvard college, Magellan, etc., the Russian peace envoy, whose suite proceeded to the special car which had been attached for his benefit at the rear of the regular 9:45 p. m. train for Portsmouth. He arrived about a quarter of an hour before the scheduled time for starting. Just as he came into the station one of the express engines going north pulled up on the track next to his special car and only a few feet away, with its front truck dripping blood. It had run down and instantly killed a woman near the tunnel at Andover. Fragments of flesh and brain still clung to the ponderous machine which had brought them thus right into the presence of the Russian statesman upon whom now largely rests responsibility for so many lives. The superstitious may find an omen in the incident. Russia's fate may say her name spills blood wherever she goes.

Although only a coincidence, it is a remarkable one at that. M. Witte knew nothing of the tragedy and was responding with bows and smiles to the cheers of a constantly increasing crowd. Incoming passengers stopped for a moment to look at the ghastly engine going north, to murmur: "How horrible," and then pressed forward to join in the popular enthusiasm over the Russian peace envoy. Right in front of the crowd were three or four young Russian mechanics of the regular Moujik type, with their coats slung over their arms and the grime of toil on their brows. They addressed M. Witte in his own language, and he, leaning over the rear rail of the car, talked with them and asked questions of them about America, and which country they preferred, this or Russia.

The sight of this big, strong man, representative of the autocratic czar, talking in this democratic fashion, interested the crowd immensely. When one of the Russians, just as the train was about to start, yelled "Give the Japs hell," the crowd laughed and cheered. M. Witte did not smile, but gravely bowed himself back into the car. Then the engine going north backed out into the yards to be cleaned.

STORY OF THE ALTON TRAGEDY

**Jacksonville Passengers on
Train—Colored Boy Took In-
itiative in Overpowering the
Murderer—Reign of Terror
for Few Moments.**

The Kansas City excursionists from this city who were passengers on the Alton train which was terrorized by a drunken passenger while the train was crossing the Mississippi river at Louisi-
anna, Mo., Saturday morning, have re-
turned to this city and tell a harrowing
tale of the incidents preceding and fol-
lowing the tragedy. The story contains
all the elements of a heavy tragedy,
with fear smitten men, fainting women
and screaming children, all trying to escape
they knew not what fate at the hands
of the drink crazed man.

Stories of the affair differ, but from
the most reliable sources the following
version was obtained:

The trouble started in the Pullman
section of the train, in the rear of which
were the excursion cars. A man had
been drinking heavily during the night,
and as the train approached the river
asked the porter for some beer. The
porter refused to satisfy his wants and
the man became infuriated, threatening
to "shoot somebody." He then ran
through the cars toward the river, flour-
ishing his revolver. The train consisted
of fourteen coaches, and through all
these he ran, terrorizing the passengers
and cutting and slashing at their bag-
gage with a knife he carried in his hands.
As soon as he entered the excursion sec-
tion of the train, the Pullman porter
locked the rear door to the Pullman,
thus cutting off the forward section from
the rear. A number of Jacksonville peo-
ple were in the first coach behind the
Pullman.

The infuriated man, upon arriving in
the last coach, approached a man named
Marion Warner, of Secor, Ill., who was
asleep with a handkerchief over his face.
Snatching the handkerchief off the face
of the sleeping passenger, the drink
crazed man shouted: "—you, have you
got a gun?" Warner, half aroused, sat
up, and before he could reply was shot
dead, the bullet from the murderer's re-
volver passing through his head. Panic
then seized the whole train. Shooting as
he went, the mad man drove the pass-
engers ahead of him into the forward car,
where the scenes of terror were fright-
ful. Men jumped from windows, women
uttered unintelligible screams, some crawl-
ing under seats and others fleeing up and
down the aisles. Miss Effie McDonald,
of Galesburg, received a bullet in her
arm, but fortunately the other shots went
wild, breaking the glass in doors and
windows. When his ammunition was ex-
hausted, the drunken man rushed up and
down the car demanding more of the
passengers, grabbing their baggage and
scattering the contents of grips and suit
cases through the car.

There seemed to be no man on the
train who had presence of mind enough
to grapple with the murderer, and the re-
sult might have been worse had not a
negro boy single handed, attacked him.
When the boy took the initiative, others
came to his assistance, and one man hand-
ed him a revolver with the admonition
to "finish the job." This the boy attempt-
ed to do, to the best of his ability, and
his aim was true, but the bullet meant
for the murderer's heart lodged instead
in his watch. During the momentary
shock of the shot, others took a hand,
and removed the man from the train,
which had crossed the river and was
stopped. An effort was made to lynch
him, but better counsels prevailed and
it was decided to let the law take its
course. He was lodged in jail at Louisi-
ana.

The train was held at Louisiana two
and a half hours while an informal in-
quest was held, and arrived in Kansas
City a little before noon.

As far as could be ascertained the
only Jacksonville passengers on the train
were Roy Moore, Misses Mayme and Noli
White, Oliver Galbreath and Ed Renner.
Miss Mary Coffey, of Springfield, who is
visiting relatives in this city, was also
a passenger.

The colored boy who succeeded in over-
coming the crazed man is said to be
from Peoria, and his name is Wood. On
the return trip a collection was taken
for his benefit and the contributions were
liberal.

The murderer was taken to Pittsfield
and lodged in the Pike county jail, as it
seemed to be the general opinion that
the crime was committed on the Illinois
side of the river. He has been identified
as P. E. Peltzmann, of Hopeville, and
claims to remember nothing of the af-
fair. He is a young man about 24 years
old, and his victim was about 35.

ECKMAN, CHAPEL DEDICATION.

On next Sunday will occur the dedica-
tion of the new Eckman chapel northeast
of the city. Rev. J. A. Murray, the pastor,
has worked hard all spring and summer
and now will reap the reward of his ef-
forts. A good program has been arranged
for and all are invited to be present.
The services begin Saturday evening and
will continue all day Sunday and Sunday
evening. The following will be present
and assist in the program: Rev. J. W.
Eckman, the first pastor of the old
church; Rev. G. E. Scrimger, presiding
elder Dr. Jos. Harker, president of Illi-
nois Woman's college; Dr. Frank G.
Barnes, the new president of Illinois
Wesleyan university; and Rev. N. W.
English, pastor of Jacksonville circuit.

On Saturday evening Rev. Mr. Eck-
man will deliver an address on the reviv-
al and building of the first Eckman chap-
el. On Sunday morning at 9:30 he will
conduct an old fashioned Methodist love
feast. Dr. Scrimger will deliver the ded-
ication sermon. Good singing is prepared
by the community and will be assisted by

the Bluffs Springs quartet. Souvenir
programs will be offered and we hope
everybody will get one.

Remember the date, next Sunday, Aug.
13th. A basket dinner will be the order
of the day at 12 o'clock noon on Sunday.
Come with heavily loaded baskets to all
may be fed and plenty to spare. Don't
just bring for yourself, but look out for
a stranger who might be there. The mas-
ter extends an invitation to all neighbor-
ing churches and pastors to come and aid
him in the dedication.

REDS WON AT WHITEHALL.

The Jacksonville Reds went to White-
Hall Sunday, where they defeated the
White Hall Nationals by the score of
6 to 5 in a ten inning game. Jeff Wall
for the Reds pitched a splendid game,
allowing the Nationals but five hits and
two bases on balls. The Nationals have
lost but two games this season, and the
Reds naturally feel much gratified to
have lowered their colors. Score by in-
nings:

	1	2	3	4	5	6	7	8	9	10
Reds	0	0	0	2	1	1	0	0	1	0

HINTS FOR FARMERS

Treatment For Cowpox.

Cowpox (varioia vaccine) is the same
disease which is utilized, on a large
scale for the purpose of securing vac-
cine matter for the purpose of pro-
tecting human beings from smallpox.
The disease is not at all serious, and
usually requires very little treatment.
If the teats or udder is very sore, it
would be best to use a milking tube
for drawing the milk. At any rate,
the vesicles or little blisters should not
be broken. If the cow has much fever
she should have one pound of fever
salts and an ounce of ground ginger,
dissolved in half a gallon of cold wa-
ter, as a drench. After the physic has
operated, give one-half ounce of salt-
peter twice daily in the drinking wa-
ter for three or four days. If the udder
is swollen and hot, bathe it with
hot water for half an hour three times
daily, and after each bath use a little
of the following: One ounce sugar of
lead, one quart of water. If there is
no fever and no swelling, only the
eruption on the teats, no treatment is
required. The disease usually runs
its course in about two weeks, if not
irritated.—Atlanta Constitution.

Watering of the Horse.

An important thing overlooked by
the average farmer is how and when
the horse should be watered. We have
seen farmers—in fact, the majority of
them—in the morning fill the mangers
with hay and the feed boxes with dry
feed. As soon as these are eaten they
feed the horse out to the trough, allow
him to drink all he can hold, then
hitch him to the plow and work him
hard for two or three hours. These
same farmers are all the time wonder-
ing why their horses are not doing bet-
ter and why they can't be kept up in
flesh like Farmer B's horses, across
the way. The horse should be watered
before he is fed. Then feed and cur-
ry him at least an hour before going to
work. Just before you go to work wa-
ter him again.—Detroit News-Tribune.

To Preserve Goat Skins.

We give two methods of preserving
Angora goat skins for rugs, says Farm
and Ranch. Flesh with dull knife;
rub with freshly killed animal's brains
to soften; use one teaspoonful of alum
and salt-petre, pulverize, mix and
sprinkle on flesh side; rub in and brush
off. Soaking six hours in lard or oil
will soften if brains are not available.
The second method is as follows: Re-
move all flesh from fresh hide; rub
with pulverized alum, then with pul-
verized chalk until dry. Fold flesh
sides together and repeat the treat-
ment next day. Repeat the third day.
On the fourth day stretch and let dry
in the shade.

NATURE SPARES

The Stricken Rong From Grief.

What a fortunate privilege of nature
is that which deprives the mind of
suffering! How poignant would be the
suffering of a man who, in the night of its
blooming, saw that a cancer had at its
heart, and that its beauty and fragrance
were doomed forever. Nature always
spares the suffering; she is a veritable
store-house of pleasing rewards, for
those who seek her aid. In the years
gone by falling hair and grayness have
cast a gloom over the lives of thousands
of young women, but thanks to the in-
vestigations of scientists the true cause
of hair destruction is now known to be
a germ or parasite that burrows into
the hair follicles. Newbro's Hairdillo
absolutely destroys this germ, thus
permitting the hair to grow as na-
ture intended. Sold by leading drug-
gists and in stanzas for sample to

to be held here Thursday of this
week. Thousands are expected from
the 350 councils of the state, with
their bands, drum corps and drill
teams, and for their accommodation
and amusement no efforts will be
spared.

Every train will bring delegates to
the meet and they will be met by
members of the reception committee
and shown to the headquarters in
Odeon hall. A contest for the next
state meet has developed between
Springfield and Joliet, and the latter
place will send representatives down
in a special train, which will arrive
about 10 o'clock. All delegates will
register at headquarters in Odeon
hall, and will also register their teams
for the drill contest.

The entertainment will begin at 10
o'clock on the east side of the square
with a vaudeville performance on a

Church to College avenue, east on
College avenue to Main street, north

Joachim, W. C. Sperry, Henry Ham-
mond and John Lutkenmeyer. The
marshals for the parade will be Scott
Carter, Dr. Means, F. O. Galley and
W. H. Anderson.

Each year two medals are offered
by the supreme officers for the coun-
cils taking in the largest and sec-
ond largest number of members from

and the individual members have
been working hard for the success of
the meet, and have made all the nec-

been billed thoroughly for a circuit
of 150 miles, and the necessary ar-

**Alton Coal House on Fire—Wa-

It appears as though the time-
honored pay day on the Wabash is
about to be, for has already been
abolished. This, of course, does not
mean the employees will not receive
their pay, but that the practice of
dumping a large roll of money into
the city at one time will be discon-
tinued. It now appears there will not
be one pay day, but several. The pay
car has been taken off and some of
the employees will now receive their
checks several days after others.

What Have You Done?

You are going to do great things, you
say.

But what have you done?

You are going to win in a splendid way.

As others have won.

You have plans, that when they are put
in force.

You will make you sublime.

You have mapped out a glorious upward
course.

But why don't you climb?

You're not quite ready to buy, you say.

If you have to wait.

The time to be starting is now—to day.

Don't delay, begin.

No man has ever been ready as you.

Nor ever will be.

You may fall ere you reach where your
hopes are set.

But try and see.

You are going to buy a piano, you say.

On the installment plan.

Your dreams are all right, but too far
away.

Don't be so slow Man.

But of what you have done.

MAMMOTH PROCESSION

Three Miles of Glistening Unsel and Qelp with Forepaugh-Sells Circus Parade

The parade with which the great Adam Forepaugh and Sells Brothers' enormous shows will begin is announced to leave the exhibition grounds at 10 o'clock promptly and go over the principal business streets.

This free pageant has been enlarged and magnified so that it presents more dazzling features than were ever seen in a display of this kind before. All of the men, women and children connected with the show will have some part, therefore, there are more than a thousand people employed by the immense enterprise. Many of the animal cages will be open and the little folks will have a special division for their delight. Pert and beribboned ponies and graven counterfoits of fairyland ideals, with rolly-polly clowns are conspicuous factors in this section for the little people.

Lumbering elephants, three great herds of them, supporting purplish thrones with radiant canopies and flashing embellishments and gorgeously garbed and bejeweled rulers of the great nations of the world, meekly following camels, solidly types of all nations, graceful women riders, fashionably gowned, famous equestrians, spirited horses of blue blooded pedigree, musical vehicles of recent invention and tremendous volume and tableau floats with picturesque groupings of racial types, and a hundred and one other items, some of which are familiar, and many more refreshingly novel and fascinating, are woven into the three miles of processional glories. Here Aug. 22.

Sam Jones is the latest defender of the oil king. He calls him a rascal, but says there are others. Sam always had a peculiar way of being complimentary.

Japan has also made her position clear as to the Philippines. Her representatives say she would not accept the islands as a gift. Those who have feared the outcome of the war as menacing to our interests in the far east and have prayed so much about the yellow peril can now go away back and sit down.

The politician who takes a swing round the circle these days finds it a pretty big job. To talk intelligently about our island possessions they must be studied from close range. Uncle Bill Taft is the biggest swinger we have produced of late years and the bunch of congressmen he is chairing in the far east will be able to give him a good recommendation as a conductor of tours. While the secretary's presidential bee is buzzing, however, he may desire to stay nearer the dear people and keep his ear to the ground. So far the war secretary seems to be a winner whether at home or abroad.

DELIGHTFUL COMPANY.

MAY APPEAL CASE

Cohen Goes to Jail—Ben Cohen and Mrs. Fannie Cohen Cited to Appear Before Judge Humphrey.

Springfield News. Jacob Cohen, the bankrupt junk dealer of Jacksonville, has been sentenced to jail by Judge Humphrey because he failed to bring in \$55,000 which he had been ordered to produce in court. The sentence is on a charge of contempt of court, and unless the case is appealed on a writ of error he will have to remain in jail until the money is produced, if it takes a life time.

It is probable that a writ of error will be filed and an appeal in the case asked, so that Cohen will not remain in jail long if indeed he goes there at all pending the appeal.

Cohen was taken to the jail at noon by the deputy United States sheriffs. If he had any hopes of favorable treatment they were soon dispelled. He was locked in the common ward with the other prisoners and it is there that he is to be held until the law is satisfied.

CITIED TO APPEAR.
United States Deputy Marshall Charles Griffiths was in the city Tuesday evening and served papers on Mrs. Fannie Cohen and Ben. Cohen citing them to appear before Judge Humphrey of the United States district court Sept. 23. Mrs. Cohen is cited to show cause why she did not include certain articles of household furniture in an inventory made of the property of her husband and Benjamin Cohen is cited to show cause why certain books belonging to the J. Cohen company were removed.

Dr. Higbee, of Roadhouse, and Dr. Hamilton, of Barrow, were in the city on professional business Tuesday.

ALL OVER THE HOUSE.

Precautions to Observe in the Use of Hard Water.

When hard water is boiled a great part of the salts in solution are thrown down, but owing to the violent motion of the boiling water they rise from the bottom of the vessel and adhere to its sides. Quite often from two to three ounces by weight of hard, scalelike saline matter will be found on the inside of a kettle. Some of this gets broken away when water is boiled and is poured into the tea.

If on lifting the lid of a boiling kettle you see the water turbid it is quite unfit to drink, for there are salts in suspension—not in solution—and these suspended salts are highly injurious.

When water is very hard it is a good plan to boil the day's supply in a very large pot or kettle reserved exclusively for this and to reboil any required quantity of this for each meal. In many cases of kidney mischief it is a matter of life and death to get water free from saline sediment. Then it is best to boil the water and filter it through charcoal. It is useless to filter the water first.

Kettles should be cleaned two or three times weekly. From recent researches of appendicitis, the disease that has been so prevalent of late, some medical men think that very hard water and more especially water containing salts that are either in mere suspension or are easily thrown down must be regarded as one of the most common causes.

Sealing Wax For Fruit Jars.

Gum shellac eight ounces, Venice turpentine four ounces, vermilion two and a half ounces, camphor gum one-half ounce. Dissolve the camphor in the alcohol and then the shellac, adding the turpentine and finally the vermilion. Great care must be exercised that no blaze comes in contact with the fumes of the mixture, for it catches fire very quickly. If you wish blue, use dry prussian blue in place of the vermilion, and for black, lampblack, using only a sufficient amount of color. All colors must be thoroughly rubbed into the wax while it is quite warm.

Apple Ginger.

Take six ounces of whole white ginger, bruise it a little, put into a pan with four pints of cold water and boil slowly till soft. Then drain off the liquid. Take six pounds of apples, cutting each into six pieces (the long way), core and pare them. Add six pounds of lump or granulated sugar. Boil the whole slowly, adding no more water than that poured off the ginger. Shake often to prevent burning. Boil rather more than an hour, or till the fruit becomes a clear brown color and transparent.

WEDDING BELLS.

BRILLIANT NUPTIAL EVENT
CELEBRATED AT BAPTIST
CHURCH.

Marriage of Miss Bertha Louise Anderson and Rev. T. Harley Marsh Witnessed by Large Assemblage of Friends—Beautiful Floral Decorations.

Dr. Egbert W. Fell and Miss Olive Elizabeth Brady Joined in Wedding.

The nuptial event of Rev. T. Harley Marsh and Miss Bertha Louise Anderson, which took place at the First Baptist church Tuesday afternoon at 5:30 o'clock, was an occasion of social prominence. Seldom has a marital event attracted more attention, and an assembled company of admiring friends filled the spacious church edifice to its capacity.

The interior of the church was beautifully decorated and exquisite taste was displayed in placing the floral adornments. The baptistry, which is just behind the pulpit, was converted into a floral bower where huge bunches of hydrangeas and thick masses of asparagus fern made a green and white effect that was very pretty. The choir loft and choir rail were hidden beneath the same covering of green, while dotted here and there were small bouquets of hydrangea, producing a beautiful ensemble effect. The pew knobs along the entire center aisle were gracefully adorned with small bouquets of hydrangea and potted plants and palms added their charm to the altar arrangements.

While the guests were gathering at the church, Miss Elizabeth Tucker Mathers played with marked skill the following organ selections:

Elevation Bathiste
Supplication Kate Vanderpool
Bereavement in A Delbruck
Variations on a Scotch Air Dudley Buck
Bridal March (From Lohengrin) Richard Wagner
Wedding March Mendelssohn

Previous to the entrance of the bride party, Miss Mary Brown Tanner appeared in the choir loft and sang most beautifully a song cycle, "Captive Memories" (Nevin), as follows:

(a) "Love is the way to Arcady."
(b) "Sweetest eyes were ever seen."
(c) "The touch of her dear hand."
(d) "Would I were a violet."
(e) "The soft, still night."
(f) "Abide with me."
(g) "Arcady is mutual love."
(h) "Sweetheart's smile."

As the notes of the organ sounded forth the familiar strains of the bridal chorus from Lohengrin, the wedding party made their appearance at the west vestibule leading to the main auditorium. They passed down the center aisle and the first to enter were the ushers, Mr. John Coltra Reynolds and Mr. Richard Colben Reynolds. Mr. Victor L. Duke of Upper Alton and Mr. Leonard C. Trent of Lincoln.

Miss Ruth Widenham was the first of the bridesmaids to enter. She was followed by Miss Lena Leota Marsh of Upper Alton, sister of the groom. The matron of honor was Mrs. John Coltra Reynolds, who was followed by the maid of honor, Miss Clara Belle Anderson, sister of the bride.

The bride entered upon the arm of her father, Samuel Thompson Anderson. As the wedding party approached the altar, the groom, accompanied by his best man, Dr. George H. Kopperl of this city, entered from the east of the pulpit rail, and meeting the bride just in front of the altar, the couple stood before Rev. T. N. Marsh of Upper Alton, father of the groom, who spoke the solemn words that united them for life. It was a beautiful and impressive service eloquently uttered, using the ring ceremony. The bridal party stood grouped in a semi-circle on the right and left sides of the altar and just before the marriage service proper was begun. Miss Mary Brown Tanner descended from the choir loft and passing through the door west of the altar steps took position with the wedding party.

At the conclusion of the marriage service the notes of the Mendelssohn wedding march announced the recessional, which was also by the center aisle and west entrance.

The master of ceremonies was Mr. Allen Widenham.

The bride was handsomely gowned in a beautiful creation of white crepe meteor cloth, built over white tulle silk and chiffon, en traine. The skirt cut in four sections, was trimmed with fine French shirring, edged at the bottom with rose trimmings, while the waist was trimmed with princess applique, yoke and bertha effect, with chiffon plaitings studded with pearls. A dainty wreath of lilies of the valley was her coiffure adornment and she carried a shower bouquet of bride's roses. Her bridal veil of tulle fell in graceful folds leaving the face uncovered.

The maid of honor was becomingly gowned in white French net over silk, cut with deep yoke effect, with tiny shirrings of white ribbon, bertha edged with deep lace, skirt of gown tucked with wide bands of lace and flounce finished with shirring of narrow silk ribbon. Her hat was of white French net material with white ostrich plume, and she carried a huge bouquet of white roses.

The matron of honor wore an elegant gown of white net over white silk, lace yoke and deep lace bertha. The skirt was handsomely trimmed with lace ruffles. She wore a white hat trimmed in Valenciennes lace with an ostrich plume, and carried a bouquet of pink roses.

Miss Marsh was gowned in chiffon cloth, white ground, flowered with rosebuds, tucked yoke and finished applique. She carried a bouquet of pink roses and wore a hat of white net, trimmed with tiny forget-me-nots.

The groom of Miss Widenham was white net over pink silk, tucked yoke, skirt was made with ruffled effect. Her hat was of white net, trimmed with pink forget-me-nots, and she carried a bouquet of pink roses.

Miss Tanner was gowned in white embroidered chiffon over pink silk, trimmed with duchess lace. She wore a hat of white net trimmed in pink rosebuds and carried a bouquet of pink roses.

WEDDING RECEPTION.
The wedding party went at once from the church to the Anderson home on West College avenue, where an elaborate wedding supper was served, the guests being limited to the relatives and members of the bridal party. In the receiving line were Mr. and Mrs. Samuel Thompson Anderson, Mr. and Mrs. T. N. Marsh, the bride and groom and wedding attendants.

The decorations were very pretty and the profusion of flowers used in the various rooms made the scene one of rare beauty. In the parlors sweet peas and asparagus ferns lent their charm, while the living room presented a very attractive appearance by the lavish use of lavender and white asters.

The dining room was a veritable bower of floral beauty and loveliness. The chandelier was festooned with lace plant and the same decoration ran around the plate rack, hanging in graceful folds. White asters and dahlias were the table and sideboard floral adornments, and the tinted light effect, secured by the use of green and white candles with green shades, made the scene one long to be remembered.

The wedding gifts were displayed in the north room upstairs and here was found an evidence of the high esteem in which Mr. and Mrs. Marsh are held. The display of silverware was especially noticeable, and the china and cut glass pieces were both numerous and of rich and elegant design.

The bride is a young lady of rare personal charm and attractive manner. Her attainments are many and in musical, church and literary circles she has ever been prominent. She is a graduate of the Jacksonville high school and is also an alumna of the Jacksonville Female academy, having graduated in 1903 with the last class to receive diplomas from that institution before the merger with Illinois college. She possesses decided musical tastes and has a rich soprano voice that is always heard with pleasure. Her church affiliation has been with the First Baptist church, and in the auxiliary societies of that organization she has taken an active interest. The popularity of this August bride was never better attested than by the number of antenatal functions given in her honor and her friends, who are legion, will all join in wishing her every happiness.

The groom is the present pastor of the First Baptist church of this city, and under his ministry the organization has enjoyed a prosperous growth. He is a man of progressive ideas and his pulpit oratory has met with most favorable comment both at home and abroad. He is a graduate from Shurtleff college, in the class of 1897, and was a member of the Alpha Zeta society while in college. He took the leading oratorical prize of his class and was a student of close application. His first pastorate was at Carlinville, where his ministerial work was eminently successful. In 1900, after three years spent in Macopin county, Mr. Marsh received a call to the charge in this city, where he has ministered for the past five years with increasing satisfaction and earnestness. He is a man of strong principles and gives vigorous utterances to his convictions from pulpit and platform.

Mr. and Mrs. Marsh departed Tuesday evening for a trip on the lakes and will be absent from the city for about a month. While an anxious crowd of friends were keeping close watch over a carriage that stood in front of the Anderson home the bridal couple descended the back stairs and entered an auto that was in waiting and were on their way to Chapin before the friends and relatives were aware of their absence. They departed on a Burlington train for the north and upon their return they will be at home after Sept. 15th at 333 South Church street.

Among the out of town guests present were: Dr. and Mrs. Fred Stoner of Decatur, Mrs. Frank Haines of Decatur, Mr. and Mrs. Edward Haines of Decatur, Rev. and Mrs. T. N. Marsh of Upper Alton, Miss Ida Clarke and Miss Lela Clarke of Upper Alton, Mrs. G. F. Davis of Upper Alton, Prof. and Mrs. Victor L. Duke of Upper Alton, Rev. and Mrs. Leonard C. Trent of Lincoln, Mr. and Mrs. Pennington of Pittsfield and Mr. and Mrs. Percy Stone of Springfield.

FELL-BRADY.
The marriage of Miss Olive Elizabeth Brady to Dr. Egbert W. Fell was solemnized at the residence of the bride's parents on Hardin avenue Tuesday morning at 11:30 o'clock, in the presence of near relatives only.

Rev. Guy B. Williamson, assistant pastor of the Christian church, officiated.

The bride is the oldest daughter of Mr. and Mrs. George Brady, and is a very accomplished young lady. She is a graduate of the Jacksonville high school and of the College of Music, where she recently finished an organ course. She has served as organist at the Christian church for several years, and is also known as a pleasing vocalist, having been heard with pleasure on many occasions.

Dr. Fell is the son of Mr. and Mrs. W. J. Fell. He is a graduate of Illinois college in the class of 1899, and upon the completion of his course there studied for a year in the medical department of the University of Kentucky, at Louisville, after which he studied under Dr. Frank P. Norbury and also served a year as pharmacist at Central hospital. He completed his medical course in the Northwestern university medical school in 1903, and has since completed a term of eighteen months as interne in Alexian Bros. hospital, Chicago.

Dr. and Mrs. Fell left on the 1:43 train via the Wabash Tuesday afternoon for Seattle, Wash., where Mr. Fell will take up the practice of his profession, with offices in the Alaska building.

AMUSEMENT CLUB.
The Twentieth Century Amusement club met at the home of Chas. Bader Tuesday night. Games and other amusements were engaged in and music was furnished by the club. A flash light picture of the members was taken by Milton Jackson.

The Daughters of the Covenant will hold their August meeting at Nichols park Thursday evening at 8 o'clock. Each member is privileged to bring a guest.

"Saved Baby's Life"

In the testimony of hundreds of parents for Kickapoo Worm Killer, Mr. George Cardozo, Cottage City, Mass., says:

"My five-day-old month-old son was in a dying condition. The doctors told me he could not live until morning. My wife and I then got a box of Kickapoo Worm Killer, and we decided to give him a dose. Within fifteen minutes a fever had the child become quiet, and in about three hours began to pass worms. They came from his mouth, and this is now a well child. I believe your Worm Killer saved my baby's life."

KICKAPOO WORM KILLER

is a harmless candy tablet. It not only positively removes all worms, but is a gentle cleanser and tonic for the entire system. Children who pick their noses; grind the teeth; have foul breath, sore, swollen, and itchy throat; are constipated; thin, pale faces, dark rings under eyes, itchy and chafed cheeks; those troubled with fits, indigestion, sick, sore throat, loss of appetite, restless, noisy, fretful, nervousness, etc., generally have worms and need this given Kickapoo Worm Killer at once.

Feeding the Horse.
The horse needs a variety of grains,
just as his owner needs a variety of
feed. A diet suggested by a practical
and successful farmer is: "A ration
mixed in the proportion of fifty pounds
of oats, fifty pounds of corn and twen-
ty-five pounds of bran will always be
relished by the work horse, and it will
be found infinitely better adapted to
his needs than straight corn. Nor is it
so very much more expensive either
at the present prices. The average
farm horse will eat from fifteen to
twenty pounds a day of this mixture."

The Dry Feed System.
The dry feed system is becoming
more and more popular for raising
chickens. It is claimed that the labor
and bother are much reduced and the
chickens grow better and the death
rate is smaller. Some growers feed
only once a day with the grain and
meat mixture, but the more common
method is to feed several times daily.
It is fed mixed with chaff and gravel,
to which the chickens have access at
all times and look after their own feed
and exercise for the most part.

Buy Hens Early.
Last year those who bought range
late in the season had some trouble in
finding them and still more in getting
what they wanted, if they were at all
particular. This year it is going to be
the same way. The early buyer will
get his pick and is very likely to buy
cheaper than later in the season. There
is going to be a big demand for breed-
ing stock this year, and breeders have
only to put their sheep before the pub-
lic to find a market for them.—Nation-
al Stockman.

The Stable Doorway.
Many farm horse stables have door-
ways that are too narrow for large
horses to pass through safely. It is a
trick with many horses to rush through
a narrow doorway quickly. They have
had experience in getting knocked from
one side or the other, and they want
the order over with as soon as possible.
The narrow doorway may cause the
most valuable horses to injure a hip.
It costs but little usually to move
a post and put in a wider door.
